Re: New roof at 3889 East Latoka Street, Springfield, MO

We would like to thank the crew and Jimmie Garber for the professional job that was done at our location. Charlie and his crew were hard working and did an excellent job. It was a pleasure to have them doing the work.

We have received a number of compliments from our neighbors and friends regarding the looks of the roof. Certainly we recommend the company to those needing a reference.

Thank you again.

We are writing to thank each one of you for the exceptional job you did replacing our roof. From the first day on the job, we knew we were dealing with professionals who not only were highly skilled in their work, but also conscientious. We were so impressed at how meticulously you cleaned up the site at the end of each day. The last day Matt and Steve were at our home cleaning finger prints off the gutters! That was impressive. Brian told us when we sat down and spoke with him about our desire to replace our roof that his crews were exceptional. Our expectations were high. But, you guys exceeded them.

We have had several neighbors stop by over the past month marveling at the work you have done. We are proud to show it to them. It is a lasting tribute to your professionalism. Good work, gentlemen. We will be pleased to recommend A-1 Roofing to anyone.

Very truly yours,

My husband and I were very satisfied with the work accomplished replacing our roof. It was a big job and they did it all in 1 day! The workers were very considerate while I entered or left the house, stopping all work until I was completely out of the way of any falling debris. The crew did a fantastic job of cleaning up roofing remnants around the house and picked up dropped nails as well.

Many thanks for a job well done. I hope this gets passed along to the workers as well as management.

Sincerely,

Brenda Snell
